THE CORPORATION WINS AT SUNDANCE

Vancouver, BC. February 2004- Post Modern Sound Inc. is pleased to announce *The Corporation* has taken the Documentary Audience Award at Sundance. *The Corporation* is a darkly amusing account of the institution's birth as a "legal" person whose prime directive is to produce ever-increasing profit for its shareholders.

The feature length version of the project has premiered at festivals and garnered several other prizes including the People's Choice Awards at the Vancouver, Toronto and Calgary International Film Festivals, the NFB Best Canadian Documentary Award and the prestigious Special Jury Award for the International Documentary Festival Amsterdam.

"We are extremely proud of the work accomplished on *The Corporation* and congratulate them on their wonderful achievements. It is especially exciting to see, for the first time, a Canadian production win the documentary award at Sundance," says Menashe Arbel President and CEO of Post Modern Sound.

The Corporation can be seen in theatres all across Canada. For more information on the project, go to www.thecorporation.tv.

Post Modern Sound is a full-service, all digital audio-post facility that offers a complete complement of sound post services for feature film projects, episodic television, movies of the week, and documentaries.
